The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and G Adventures. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

VALIDITY: Valid for all trips departing January 1st, 2017 and onwards

Itinerary

NOTE: Accommodations vary per departure and are subject to change until tour start date; they are not final and should be used as examples only. Travellers may login to the G Adventures App to view accommodations specific to their departure.

Day 1 Moshi

Arrive at any time.

Your Welcome Moment: Welcome Moment - Meet Your CEO and Group

Your opportunity to meet your CEO and fellow travellers, and learn more about your tour. Opt to join the group for a local meal afterwards. Don't forget to see the notice in the lobby (or ask reception) for the official time and place to meet up with the group.

Accommodation

Stella Maris Lodge (or similar)

Hotel

Day 2 Moshi/Mti Mkubwa Camp

Begin the Lemosho trail of Mt Kilimanjaro ending for the day at the Mti Mkubwa Campsite.

Private Vehicle

Moshi – Londorossi Gate 3h

Settle in and scan the scenery from the convenience of a private vehicle.

Londorossi Gate to Mti Mkubwa Camp

Londorossi Gate – Mti Mkubwa Camp 3h-4h 6km

Register at the gate office, and start the hike with a gradual ascent and a slight descent into the Lemosho Glades. Enter the lush rainforest and listen to the sounds of many exotic birds. Spot monkeys such as the black and white colobus - these monkeys are black with a long 'cape' of white hair and a flowing white tail. Spend the day in the gorgeous and fascinating forested slopes of Mt Kilimanjaro, most of which is considered to be a rainforest zone. End the day at the Mti Mkubwa (Big Tree) Campsite, within the upper reaches of the montane forest zone.

Meals included: Breakfast | Lunch | Dinner

Day 3 Mti Mkubwa Camp/Shira 1 Camp

Climb into the moorland over the Shira ridge and down to the plateau and the Shira 1 Camp.

Mti Mkubwa Camp to Shira 1 Camp

Mti Mkubwa Camp – Shira 1 Camp 5h-6h 9km

Rise early and tackle a steep climb to head out of the montane forest zone and into the moorland zone. Admire trees such as the Giant Heather and Erica. Embark on a challenging hiking day with a trek over the Shira ridge at 3,500m (11,483 ft), where, on a clear day, have direct views of Kibo, the peak and ultimate goal of the adventure. From there, descend to the Shira plateau and set up at Shira 1 Camp, located next to a stream.

Meals included: Breakfast | Lunch | Dinner

Day 4 Shira 1 Camp/Shira 2 Camp

Travel across the Shira plateau, with time for short acclimatization walks.

Because the hiking time is only about 3 hours today, use the free time to take a number of short acclimatization walks around and above the Shira 2 Camp. This camp is more exposed than the previous night's camp. It may be windier and colder, with temperatures dropping to below freezing.

Shira 1 Camp to Shira 2 Camp

Shira 1 Camp – Shira 2 Camp 3h-4h 5km

Traverse the Shira plateau. Ascend gently through the lower alpine moorland, which is notable for beautiful wild alpine flowers and the unique giant lobelia and giant groundsel (senecio kilimanjari) plants.

Meals included: Breakfast | Lunch | Dinner

Day 5 Shira 2 Camp/Barranco Camp

Climb through rocky scree to the Lava Tower. Descend into the Great Barranco Valley to acclimatize and camp.

Shira 2 Camp to Lava Tower

Shira 2 Camp – Lava Tower 3h-4h 7km

Climb slowly through the rocky terrain to the Lava Tower (4600m, 15,092 ft) from the Shira 2 Camp. The route becomes increasingly challenging and steep. Some hikers might start to feel weak or short of breath from the altitude so go slowly—“pole pole” as they say in Swahili—to avoid exasperating the symptoms.

Lava Tower to Barranco Camp

Lava Tower – Barranco Camp 1h30m-2h 3km

Descend from the Lava Tower 650m (2133 ft) to the Great Barranco Valley. Hike about 2 hours to reach the valley, acclimate to the elevation and take in the view of the Western Breach and Breach Wall along the way. Reach the Barranco Camp and enjoy the beautiful landscape as a reward for the day's difficult hike. The Breach Wall surrounds the Camp on three sides and the area has an amazing view of hanging glaciers and the Kibo massif.

Meals included: Breakfast | Lunch | Dinner

Day 6 Barranco Camp/Karanga Camp

Tackle the Great Barranco Wall up into the alpine desert of the Karanga Valley.

Barranco Camp to Karanga Camp

Barranco Camp – Karanga Camp 4h-5h 5km

Start the steady hike up the eastern side of the Great Barranco Wall. On the way to the Karanga Camp (4100m, 13,451 ft), pass below the Heim Glacier and through the alpine desert of the Karanga Valley. Depending on the weather, enjoy the fantastic view of Mt. Kilimanjaro from the Heim Glacier.

Meals included: Breakfast | Lunch | Dinner

Day 7 Karanga Camp/Barafu Camp

Trek through the alpine desert up to Barafu Camp. Prepare for the midnight start of the summit attempt.

In preparation for the final ascent the same night, you will familiarize yourself with the terrain before dark, and prepare your equipment and thermal clothing for the summit attempt. Sleep may be difficult, but lie down after dinner to try and rest for the 1295m final ascent.

Karanga Camp to Barafu Camp

Karanga Camp – Barafu Camp 3h-4h 4km

Trek through the Karanga Valley to the Barafu Camp at 4600m (15,092ft). The trail through the alpine desert is dry, barren, and temperatures will get colder after leaving the valley camp. The Barafu Camp is on a narrow ridge with no barriers from the wind, but with a beautiful view of the Kibo and Mawenzi peaks. Take some time before dark to get familiar with the camp area to avoid any accidents later.

Meals included: Breakfast | Lunch | Dinner

Day 8 Barafu Camp/Mweka Camp

At midnight, begin the summit trek. Conquer the rim of the main crater, then cross the scree and snow to Uhuru Peak. Descend to Mweka Camp.

This stretch is the longest, and the most mentally and physically challenging of the trek. But the feeling of conquering Kilimanjaro will stay with you forever.

Barafu Camp to Stella Point

Barafu Camp – Stella Point 6h 4km

Wake up call today is at 11pm in order to reach Stella Point (5756m, 18,885 ft) in time for the spectacular view of the sunrise (depending on weather). Enjoy a snack and warm drink and get ready for the ascent in the dark up the northwest scree. Go slowly as the terrain is rocky and difficult, pass between the Rebmann and Ratzel glaciers before arriving at Stella Point.

Stella Point to Summit

Stella Point – Uhuru 1h-1h30m 1km

Start the 1 hour, gradual ascent to Uhuru peak (5895m, 19341 ft) along the snow-covered trail. Temperatures near the summit can range from -23° C (-9°f) in the morning to just below freezing overnight. Arrive at the summit at last! Take a deep breath and celebrate a successful climb.

Summit to Mweka Camp

Uhuru – Mweka Camp 4h-6h 12km

Begin the descent from the summit towards the Barafu camp, where the group will pack up and enjoy a quick rest. The route down will use the same rock and scree path as the ascent and will pass back through moorland and forest terrain. Reach Mweka hut in the late afternoon.

Meals included: Breakfast | Lunch | Dinner

Day 9 Mweka Camp/Moshi

Continue descent through the forested, lower slopes to Moshi. Meet the mamas of the Moshi Women's Cooperative, a G supported project, for a climbing ceremony.

Arrive to Moshi in the afternoon. Time to relax, take a shower, and celebrate with a drink. Cheers to climbing Mt Kilimanjaro! Before dinner, you will be welcomed and congratulated on your climb by the mamas of the Moshi Women's Cooperative, a project supported by G Adventures. They will present you with a gift and a certificate to remember all your efforts on the mountain.

Opt to pre-book the Moshi Mamas Massage by adding it to your checkout page, or ask your GCO or travel agent for assistance.

Mweka Camp to Mweka Gate

Mweka Camp – Mweka Gate 4h-5h 10km

Hike downhill to the Mweka Gate. Enjoy the lower altitude and the view of the forested slopes of Mt Kilimanjaro. The route can be muddy underfoot so take care. From the Mweka Gate you will continue down into the Mweka village for lunch, normally a muddy 1 hour hike. Upon arrival to Moshi in the afternoon, relax, or opt to have that much-deserved shower and congratulatory beverage.

Mweka Gate to Mweka Village

Mweka Gate – Mweka 1h

Walk back to the Mweka village for lunch. The route is typically muddy but doesn't take long.

Private Vehicle

Mweka – Moshi 30m

Settle in and scan the scenery from the convenience of a private vehicle.

Your G for Good Moment: Moshi Women's Cooperative Visit

This project is supported by the Planeterra Foundation and G Adventures. Women and girls are often the first to be excluded from educational programs in Tanzania, with most girls being pulled out of school by Grade 3 to help out around the home. Our ground partners provide free adult business education for women in Moshi, and Planeterra and G Adventures have rented a cooperative space to allow these students to practice their academic skills and save income to start their own business. Feel free to shop for souvenirs and speak to the women who run the cooperative about their lives and how the project has assisted in building a brighter future.

Optional Activities - Day 9

Moshi Mamas Massage

Moshi

Want to revive sore muscles with a relaxing massage? Have the Moshi Mamas come to your hotel and indulge in a 30 min massage after completing your hike to the roof of Africa! The Moshi Women's Cooperative is a project supported by G Adventures, which provides business education to local women.

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

Once the park fees are paid Kilimanjaro International Park is not able to provide refunds for any unused days.

Please note: passengers should be aware that, for any reason, they are unable to make the trek to the summit, then any additional cost will be at their own expense.

LUGGAGE COMPLICATIONS FLYING INTO KILIMANJARO: It occasionally happens that luggage on international flights into Kilimanjaro does not arrive. Please be aware that this may happen, especially if you have a tight connection, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately this does happen, and your luggage does not arrive, you should be entitled to a limited initial compensation from your airline. In Kilimanjaro, the arrival of lost luggage normally takes between 48 and 72 hours after the initial plane's arrival. The airlines technically should be

responsible to forward your luggage to you, to your hotel or elsewhere in Tanzania. You may find that you will be needed to start your trek and you still have not received your luggage. Considering that the customer service standards in Tanzania are different from home, and that we find that the airlines are not always pro-active in helping luggage in its care be reunited with its owner, it is recommended that you purchase or hire locally the needed items, and speak to your G Adventures representative at your hotel to persist with your airline to retrieve your luggage. Once your luggage is retrieved, it should be able to be forwarded to you – depending where you are. Please note that any costs that you may incur for luggage retrieval or sending luggage are not the responsibility of G Adventures, though we will always strive to assist you in any way possible. You should always keep all receipts and documentation, and contact your airline or insurance provider for reimbursement.

YELLOW FEVER

It may be required to show a Yellow Fever certificate upon entering the country visited. Please check in with your local health expert for advice on Yellow Fever and other inoculations required for this area.

COMBO TRIP

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

Group Leader Description

For your hike on Mt. Kilimanjaro, you will be lead by an experienced certified mountain guide. To round out the team, you will be joined by an assistant guide (for groups of more than one person), a cook, and a team of porters.

Your guide has been trained in mountain guiding skills, first aid and emergency response, flora and fauna, and group management. All guides are licensed by KINAPA, the National Park Authority. Your cook is an experienced cook who will prepare a variety of nutritious, and hearty meals. As a general rule, each hiker will be accompanied by 2 porters, who assist in carrying both your bag and the team's gear (tents, food, etc). Please note English is often the 3rd or 4th language of the Tanzanians in the area of Mt. Kilimanjaro, therefore your guide will speak a basic English.

The porter will carry a maximum of 15kg of your belongings and 5kg of personal gear. All our Porters will carry a maximum of 20kg and there is a strict weigh in by the Kilimanjaro Park authority.

Group Size Notes

Max 12, avg 10

Meals Included

9 breakfasts, 8 lunches, 7 dinners

Meals

This includes all meals while trekking on the mountain, along with breakfast back in Moshi on final day after your hike. All meals you have during your trip will be prepared from fresh local produce. Shopping for food will be done before the trip departs. Breakfasts and dinners will be served at camp, while lunches will tend to be packed to have en route while trekking. All evening meals will be hot and will consist of a variety of continental and local dishes. We believe that providing more than enough food while on such a trek is of the utmost importance, and as such you can be ensured that your cook and crew will provide enough quality food for you. Vegetarian meals and other dietary requirements need to be specified prior to arrival.

Please note: bottled water (both before and after the trek) is at your own expense, however, during the Kilimanjaro trek you will be provided with drinking water. This water is collected from fresh mountain streams and then purified with tablets by your guides who will replenish your empty bottles/thermos flasks on a daily basis. For peace of mind, you are welcome to add your own chlorine or iodine tablets instead, if you are uncomfortable drinking the water provided.

Transport

Private minibus, trekking.

About our Transportation

Land Transfers & Included Tours/activities: Many of the land transfers and included tours will be by private van, car or taxi, while others may be shared with other travellers depending on availability, nature of the activity and destination. Please note for your own safety it is mandatory to wear your seat belt at all times when in a vehicle.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

Simple hotel (2 nts), full-service alpine camping (7 nts).

My Own Room

Please note that if you have booked the "My Own Room/Tent" option for this tour, you will receive your own single room/tent for all night stops.

About Accommodation

The idea of camping in Africa can be a daunting one. For those not accustomed to 'roughing it' for a few days we offer a full camping service. All tents are pitched for you, meals are prepared and served and the washing up is done by G Adventures staff. This leaves you with more time to enjoy your surroundings and is ideal for first-time campers who may be worried about the challenges such a trip can entail. When camping we are exposed to the elements, and whilst there are times when the weather is fine and temperatures are pleasant, there may be days when it is foggy, rainy and cool. In certain locations there may also be a number of bugs. These factors, however, should be seen as minor downsides to a camping experience which will allow you to get up close to the beautiful nature that Africa has to offer. All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply canvas dome tents with built-in mesh insect nets on the doors and windows. Mattresses are also available, which are approximately 4cm thick, warm and comfortable.

While on the mountain (7 nights), we provide full-service alpine camping at designated communal campsites. Your porters will be carrying your tents, which they will pitch for you at these sites. The campsites are fairly basic, and exposed to the elements. They will not have electricity, nor shower facilities, and toilet facilities are basic long drop latrines, which could become dirty at times (especially when it is raining), as many other hikers sharing the same facilities. Your crew will prepare basins of warm water for washing daily. All camping equipment (with the exception of your sleeping bag and pillow) is supplied. All meals on the mountain will be prepared for you by your group's cook. The tents are two-person dome tents which are assembled by the porters. All tents have built-in insect nets. Mattresses are also provided, which are warm and comfortable.

Drinking water: On day 2, you should bring bottled water from the hotel for your first day's hike. Beyond that, purified (filtered) mountain water will be provided for you for the duration of the hike.

Barafu Camp: The night before your summit attempt, on Day 5, you will be staying at a high altitude camp where there is no water facilities. Your porters will carry water up to the camp for cooking, bathing, and drinking.

This trek is not for the faint of heart, and the camp sites on Mt. Kilimanjaro are basic. However, many come out of their camping experience on the world's largest free-standing mountain not only gratified, but ultimately rejuvenated by such an experience of a lifetime.

Please note, if you need to alter the itinerary for any reason (e.g. travel delay or illness or in the event of having to descend from your climb early due to altitude sickness, injury or exhaustion), any unscheduled meals or nights spent in a location other than the tour itinerary will be at your own expense.

The start/end hotel has a number of services and facilities available as follows; Internet, laundry, gear hire, luggage storage, telephone services, TV lounge, outdoor dining area and a shuttle service to/from Moshi as the hotel is located just a few kilometres from the centre of town.

Joining Instructions

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

On arrival no transfers are included. Please make your way to the joining hotel. Kilimanjaro International airport is approximately 40km, or 40 minutes, from Moshi. Taxis are available to transfer you to Moshi, and cost approximately USD 50 per car. If you arriving in Moshi from Nairobi, Kenya, there is a public shuttle bus that leaves Nairobi at 8:00am daily to Moshi. It is a direct bus via Arusha, and with border formalities, and a break (and potentially a change of vehicles) in Arusha, the trip is approximately 8 hours. There are a number of local companies that offer this service, and this can be organized locally the morning of. In addition, for your convenience, you may pre-reserve a seat on our partner shuttle service through G Adventures.

For pre-booked transfers from Kilimanjaro International Airport to our Moshi hotel, G Adventures representative present will assist you or your driver will be waiting with a G Adventures sign. At times there are taxi drivers who will try to solicit your business, so please be aware of them and proceed directly to the G Adventures representative. For any issues relating to pre booked transfers for Kilimanjaro International Airport including delays or missed transfers, please contact our airport transfer operator

Musaddiq: +255 754 400 141 or +255 787 400 142 (From outside Tanzania)

Musaddiq: 0754 400 141 or 0787 400 142 (From within Tanzania)

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

This tour departs Moshi for Mt. Kilimanjaro in the morning of day 2.

Arrival Complications

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your CEO (if you are not on a group tour please refer to the emergency contact details provided in this dossier). If you are unable to get in touch with your leader, please refer to our emergency contact details. If you have pre-booked an airport transfer and have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Emergency Contact

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

AIRPORT TRANSFER

If you have purchased an arrival through G Adventures or if an arrival transfer is included in the cost of your tour, please note that:

Your arrival transfer has been arranged based on flight information provided to us. If you are advised of a flight schedule change or flight cancellation within 48 hours of your scheduled arrival time, please call the emergency contact number to advise of your new arrival flight information. If you do not, we will not be able to rearrange your arrival transfer and you will need to make your own way to the starting hotel at your own expense. If your arrival transfer does not arrive within 30 minutes after you have exited the arrivals area please take a taxi to your start point hotel.

For any issues relating to pre-booked transfers for Kilimanjaro International Airport, including delays or missed transfers, please contact our airport transfer operator:

What to Take

As you will be trekking up Africa's highest mountain, you will be passing through a number of different climate zones, and should pack to prepare for a number of extremes – hot and sunny, cool, cloudy, and misty, fog, rain (your first day you will ascending through a section of rain forest), wind, and lastly snow and cold. You may experience one or all of these conditions in the same day on your trek.

In the lowlands, temperatures in the shade can reach 35C, and in the highlands it will be below freezing, with possible rain and fog. The use of lightweight, breathable, easily removable layers of clothes works best to allow you to adapt to the local conditions. We recommend breathable, moisture-wicking fabrics made of wool or synthetic fibres. Cotton is not recommended for hiking as it does not allow for heat or moisture to enter or escape, and it will not dry once wet.

Please note that it gets extremely cold near the top of Mt. Kilimanjaro, and you will begin hiking your final ascent to the summit at approximately midnight, and hike through the coldest part of the day. For this, in addition to several warm layers and good boots to grip as you climb over frozen scree, ice, and snow, you will need warm protection for your extremities – warm socks, gloves, and a warm winter hat. Cameras need to be protected against the severe cold weather either in warm pouch or the interior pockets of your clothing. A selection of lenses will aid the final results although weight and bulk will obviously influence your selection. For digital equipment and mp3 players, check with the manufacturer's specifications for temperature range (especially battery life), water tightness, altitude range, and general hardness.

You will need to supply your own sleeping bag and pillow.

Lastly, Mt. Kilimanjaro is located only a few hundred kilometres from the equator, and at altitude, the sun's affects are heightened. Use a hat, sunglasses, sun screen, and wear proper clothing to protect yourself from the sun, to reduce the risk of sunstroke.

Please note, secure luggage and valuables storage facilities are available at your Moshi hotel while you climb. Your hotel in Arusha also offers storage facilities for any extra mountain gear/clothing that you do not require for the safari portion of the trip.

With regard to the type of pack(s) to use, two packs would be useful:

1. One larger pack (preferably a duffle bag) that will be carried by the porters inside large, canvas duffle bags. This pack should not exceed 15kg, and should be within the following dimensions: 30cm (height) x 30cm (width) x 60cm (length)
2. One smaller 30-35L pack (5kg) that you will carry containing your water, snacks and wet weather gear.

Below are the suggest sizes for both medium and large rucksacks with a maximum weight of 15kg.

Medium Rucksacks: 48 Litre to 58Litre

Large Rucksacks: 60+ Litres

Please note that binoculars are not provided on this tour. If you are interested in using binoculars, you must pack your own.

- Sweater (\$10 USD)
- Thermal top (\$10 USD)
- Thermal underwear (\$10 USD)
- Walking poles (\$12 USD for two poles)
- Walking trouser (\$15 USD)
- Warm hat (\$15 USD)
- Water Bottle (\$15 USD)
- Windproof rain pants (\$15 USD)

Kilimanjaro - Other:

- Electrolytes (Powder or tablets, optional)
- Hand sanitizer
- Medication (Consult with your doctor about options to manage altitude sickness)
- Metal/aluminum water bottle (This style of bottle can double as a heat source at night when filled with hot water. We recommend a Sigg-style bottle.)
- Moisturizer/lip balm
- Pee bottle and/or She-Wee (You can use these items to avoid having to leave the tent at night)
- Reusable water bottle (Water bottles should carry up to 3 litres of water (minimum 2 litres); please note that this recommendation is made based off of the water intake of the average hiker, but may vary due to personal needs. We recommend platypus-type water bladders/camel backs made out of a material that will prevent water from freezing at high altitudes.)
- Sunblock
- Toilet paper
- Wet wipes (Recommended)

Kilimanjaro - Technical Clothing:

- Waterproof lightweight hiking boots (required)
- Windproof rain jacket (required) (A breathable jacket, with a hood is recommended)
- Balaclava (Optional)
- Fleece jacket or warm layer
- Fleece pants
- Gaiters (Optional)
- Hat (A hat with a brim is recommended)
- Hiking pants (Convertible/Zip-off and quick dry recommended)
- Insulated Jacket
- Light gloves
- Lightweight wicking shirts
- Long-sleeved shirt for hiking (2 moisture-wicking shirts, and 1 breathable shirt recommended)
- Quick-dry socks (Wool or synthetic)
- Shorts (Optional)
- Short sleeve t-shirt, light-weight, moisture-wicking

- Slip-on sandals or shoes (Optional extra shoes to wear around camp)
- Thermal underwear (Moisture-wicking fabric recommended)
- Underwear (Moisture-wicking fabric recommended)
- Warm gloves (Waterproof recommended)
- Warm hat
- Waterproof pants (Pants with a side zipper recommended)

Kilimanjaro - Technical Gear:

- Day pack (30-35L - can be rented in location)
- Drybag (Will help keep cameras and essentials dry)
- Duffel bag (50-90L - can be rented in location)
- Sleeping bag and liner, 4 season (Sleeping bags can be rented for approximately \$40 USD for the duration of the tour; if you are planning to rent a sleeping bag, please let your booking agent know so that we can prepare your group leader. Purchasing sleeping bags in Arusha might be more difficult to source.)
- Walking poles (Highly recommended)

Note: When packing your gear, the best clothing for trekking is either wool or synthetic materials, as this is quick-drying and can keep heat in better. The optimum clothing for trekking is layering, as it allows for easy temperature regulation as you ascend or descend. We suggest a base-layer, then a mid-layer such as a sweater, followed by a fleece jacket or similar, then a windproof and waterproof jacket. For your bottom half, thermal underwear, hiking pants then windproof and waterproof layers are recommended.

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a day-pack (5kg).

Below are the suggest sizes for both medium and large rucksacks with a maximum weight of 15kg.

Medium Rucksacks: 48 Litre to 58Litre

Large Rucksacks: 60+ Litres

Note: A refillable water bottle/flask is required for the trek, no plastic or disposable bottles are allowed on the mountain and they may be confiscated prior to the hike.

Laundry

Laundry service is provided at the start/end hotel and clients can leave their dirty belongs at the hotel for washing. When the clothes will be ready will depend on the weather because the clothes are dried by the sun.

Visas and Entry Requirements

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Tanzania:

Border crossing from Malawi into Tanzania is via the Songwe Border Post and from Tanzania into Kenya through Namanga Border Post.

Detailed Trip Notes

IMPORTANT ACCOMMODATION NOTE

Please note that as we use public campsites on all or part of this trip we cannot guarantee electricity for the use of Sleep Apnea and CPAP machines.

American Dollars that are series 1999 or earlier are not accepted and very difficult to change in Southern and Eastern Africa, because of past forgeries. As a result please bring notes from year 2000 or more recent.

REGIONAL INFORMATION

Kilimanjaro Weather and Climate

Lying just south of the equator, Kilimanjaro is affected by the passage of the Intertropical Convergence Zone, which brings with it the main rainy periods. The highest rainfall occurs between mid March and early May, and slightly less between the beginning of November and late December. Rain and, higher up, snow, can however be encountered at any time of year - even in the driest periods (January, February and September). Normally the drier seasons are associated with clear, dry weather which can last for weeks on end. The best weather is generally encountered in the mornings, and convectional rainfall, if any, tends to come in mid-afternoon. Temperatures vary considerably with height and time of day. On the plains surrounding Kilimanjaro the average temperature is about 30°C. At 3000m. frosts can be encountered at night while day time temperatures range from 5 to 15°C. Night time temperatures on the summit can be well below freezing.

Electricity

The electric current in Tanzania operates on 230V, 50Hz.

Language

The official languages are Swahili and English. There are also numerous dialects spoken throughout.

INTERESTING FACTS

- The name is name made up from an amalgamation of TANGanyika and ZANzibar.
- Tanzania is the largest country in East Africa (although not in Africa as a whole, the Sudan is 3 times larger); it's landmass covering an area of just over 945,087 sq. km (including Zanzibar).
- This makes Tanzania about the size of France, Germany and Switzerland combined; 3 times the size of the entire British Isles or one-tenth the size of the whole of the USA.
- Tanzania's population at the last official census was 31.3 million, with approximately one third being classified as "urban".
- Agriculture forms roughly half of GDP and agriproducts (e.g.: coffee, tea, tobacco, cashew nut, sisal, cotton) some 75% of export earnings. Dodoma, in central Tanzania, is the political capital of the country although Dar es Salaam is the effective trading and business capital, with its safe harbour ("Dar es Salaam" means "Haven of Peace"), international airport and population of some 1.75million.

MT. KILIMANJARO

Mt. Kilimanjaro, also known as Kili, is located just south of the equator, and is Africa's highest mountain. It is made up of three volcanoes: Shira, Mawenzi, and Kibo, the tallest. For the moderately fit person, the trek up Mt. Kilimanjaro is a attainable, and not very technical climb.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The local currency in Tanzania is the Tanzanian Shilling (TSH).

Shillings can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need for each country.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

For extra expenses at your hotel, cash or visa card are the only accepted form of payment. Please note however, there will be extra charges for using your credit card. As a result of this it is preferable to settle all expenses in cash.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

USD40, may be included in the international air ticket

Tipping

Tipping is an expected and highly appreciated component of your Mt. Kilimanjaro trek.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry.

Your group will be assigned a CEO/Lead Guide, and a group of porters. The number of porters designated to your group will depend on the amount of baggage and equipment is taken on the trek; this typically works out to 2-3 porters per traveller, but this number will be confirmed by Kilimanjaro National Park rangers at the gate once all baggage is checked.

It is best to present your crew with the group's tip upon completion of your climb, during the last meal on the mountain. Tips should be placed in a group envelope and a member of the climbing team can hand the envelope directly to the Lead Guide. It is encouraged to announce the amount in front of the group to ensure each crew member knows the total amount.

A tipping guideline to determine this amount is 10% of the total cost of their trek towards tips, per person. So if you paid US\$2000 for your trek, you should pay US\$200 collectively for your crew. (If there were only one or two of you, it customary to pay slightly more than 10%). A realistic amount for a trip of 5-7 days length would be between 150-200 USD per climber for tips.

If paying each crew member individually, you can use the following chart as a guideline:

Per Chief Guide: US\$ 20 -25 per day

Per Cook: US\$ 15 -17 per day

Per Porter: US\$8 - 10 per day

Optional Activities

Moshi

- Moshi Mamas Massage

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2023)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Physical Fitness

Although Kilimanjaro is not a technical mountain climb, it is a major challenge and the rigor of altitude should not be underestimated. Remember that Uhuru peak is 500m higher than Everest Base Camp!! The pace of your ascent coupled with good acclimatization will help you on the climb but it is essential to be mentally and physically prepared before you start. Regular hikes are one of the best ways to prepare, increasing frequency and length, as you get closer to the trek. All aerobic exercises such as cycling, running, swimming and funnily enough aerobics are good for strengthening the cardiovascular system.

Generally, any exercise that increases the heart rate for 20 minutes is helpful but don't over do it just before the climb.

Altitude and Acclimatization

Altitudes are generally defined as follows:-

- High altitude 2,400m – 4,200m
- Very high altitude 4,200m – 5,400m
- Extreme altitude above 5,400m (Uhuru peak is 5,895m)

During the trek it is likely that all climbers will experience at least some form of mild altitude sickness. It is caused by the failure of the body to adapt quickly enough to the reduced level of oxygen in the air at an increased altitude. There are many different symptoms but the most common are headaches, light-headedness, nausea, loss of appetite, tingling in the extremities (toes, fingers) and a mild swell of ankles and fingers.

If you have severe symptoms, go down 1,500 to 2,000 feet right away to see if your symptoms get better. Keep going down until your symptoms go away completely. Medicines that may be used to prevent or treat the symptoms of severe high-altitude illness include acetazolamide and nifedipine. Don't ignore signs of altitude sickness. People can die of this if they don't recognize the signs or if they don't believe their illness is caused by the high altitude. When you have signs of altitude sickness, don't go higher until you feel better and your symptoms have gone away completely.

Hypothermia:

Hypothermia is a condition where the body becomes dangerously cold. It can be caused by brief exposure to extreme cold, or by prolonged exposure to mild cold. Hypothermia occurs when a person's deep-core body temperature drops below 35 degrees celsius (95 degrees fahrenheit). It is the lowered temperature of the organs inside the body that is important - an ordinary thermometer cannot measure this. The person may not actually feel cold but if they stay in a cold environment and do little or nothing to keep warm, then they may run the risk of becoming hypothermic or becoming ill with bronchitis or pneumonia. Both are cold-related illnesses.

Danger signs to watch out for: Drowsiness, very cold skin on parts of the body normally covered, for example, stomach or armpits, Slurred speech, Absence of complaint about feeling cold, even in a bitterly cold environment.

Eye Issues:

All contact lens wearers should take care to remove the lenses at night, as the eye needs to absorb oxygen from the atmosphere. The rarefied conditions of altitude reduce oxygen levels and in extreme cases a Corneal Oedema can develop.

Emergency Evacuation:

In the event of an emergency on the mountain the rescue team plus one of the assistant guides will descend with the casualty to the park gate. At the gate the casualty will be taken care and the necessary arrangements will be done.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Planeterra Foundation - the non-profit partner of G Adventures

Planeterra International Foundation is a non-profit organization committed to turning travel into impact by helping local communities earn an income from tourism. Planeterra connects underserved local communities to the benefits of tourism by developing and supporting small community-owned businesses. These businesses support Indigenous people, empower women, grant youth access to employment opportunities, and protect the environment. Planeterra also works to ensure these businesses have a thriving customer base by integrating their projects into G Adventures' itineraries globally.

G Adventures is Planeterra's largest corporate donor, covering all operating costs, so 100% of your donation will bring opportunity to people in need.

G Adventures Dollar-a-day Program - Make Every Day Count - Turn your travel into impact with [Planeterra Foundation](http://PlaneterraFoundation.org).

Did you know? Most communities around the world do not benefit from tourism. Give back to the places you visit on your travels by creating opportunities for local people to earn an income, and protect the environment.

Make every day count by donating \$1/day for the length of your trip, and join us in empowering the communities you will visit when you travel. 100% of your donation goes directly to Planeterra projects.

Feedback

After your travels, we want to hear from you! Your feedback information is so important to us that we'll give you 5% off the price of your next G Adventures trip if your feedback is completed on-line within 30 days of finishing your trip.
